Dr. Raffan shared an inspiring message of ***hope***, ***resilience***, and the importance of ***bringing Indigenous voices into our communities***. He recognized the reconciliation work taking place at Wall Street United Church and reminded us that reconciliation is both real and possible.

## A Special Celebration at Wall Street Church

***Covenanting Service for Rev. Dr. Cathy Cavanagh – Sunday, November 15***

WALL STREET
UNITED CHURCH
God Loves ALL. So do we.

## Celebrating a New Chapter in Ministry!

**Wall Street United Church** warmly invites everyone to join us on **Sunday, November 15**, at **10:00AM** for a very special **Covenanting Service** ***celebrating our newly ordained minister, Rev. Dr. Catherine Cavanagh***.

***But what exactly is a Covenanting Service?***

Within The United Church of Canada, a covenanting service is a meaningful celebration that recognizes and strengthens the relationship between a minister, their congregation, and the wider church. It is an opportunity to come together in faith, make promises of mutual support, and commit to sharing in God's work and ministry within our church and community.

A covenant is a two-way commitment. The minister promises to offer leadership, pastoral care and guidance, while the congregation promises to support, encourage and work alongside their minister. Together, they begin or renew a shared journey of faith, service and fellowship.

This special occasion is an opportunity for our church family to celebrate **Rev. Dr. Catherine Cavanagh**, welcome her into this new chapter of ministry at Wall Street, and reaffirm our commitment to growing together in faith and love.

**Everyone is welcome!**

We hope you will join us for this meaningful celebration during our Sunday morning worship at 10:00AM

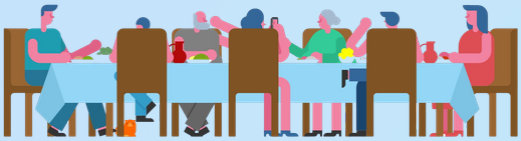

*And the celebration doesn't end there! Please stay afterward and join us in the gym for cake and fellowship as we celebrate this special milestone together.*

***Let's make this a memorable day for our minister and our entire church family!***

### How Faith Community Nurses Can Support Holistic Health

**How can churches help support the health and wellbeing of their communities?**

This article by **Anne-Marie Mohler, RN, PN/FCN**, our Parish Nurse, explores the important role of faith community nurses in caring for the whole person—mind, body, and spirit.

It highlights how churches can become safe and welcoming spaces where people feel supported, mental health conversations are encouraged, and individuals and families are connected with the care and resources they need.
It reminds us that healing goes beyond physical health and that compassion, inclusion, and spiritual care are essential to building healthier, more supportive communities.
